■ THE PREMIUM PACKAGE

In our Premium Package you will receive everything that we deliver in our Plus Package, AND we provide the following specialty services:

- **INFRARED SCAN** – Using the most technologically advanced tools available allows us to detect moisture that is invisible to the human eye. We are also able to locate areas that have over-heating or malfunctioning electrical components. This work brings a critical difference to a home inspection.
- **APPLIANCE RECALL Safety Check** – We will capture all the information of your major home appliances (make and model number) and provide you with a computerized report on any safety recalls on those appliances. You will also receive new recall alerts in the future on the information we have captured. Furthermore, you will be provided with an online link to your report that enables you to enter information on new or replaced appliances that you have purchased, and on which you will continue to receive recall alerts in the future. The safety of your home and family is a direct outcome of this work.
- **LIFETIME MAINTENANCE ADVISORY Service** – Following our inspection, and your purchase of the home, we will provide advice and answer your questions on home maintenance, the inspection report, and other home-related topics for as long as you own the home.
- **ENHANCED CUSTOMER SATISFACTION Commitment** – If you're not satisfied and we can't make you satisfied, we will pay another inspection company of your choice to inspect your home again up to the value of your investment with our company. It's that simple. There is no fine print. We are that confident in our service.

■ THE PRESTIGE PACKAGE

In our Prestige Package you will receive everything that we deliver in our PLUS and PREMIUM Package, AND our Pillar To Post Healthy Home Package.

HEALTHY HOME PACKAGE

Homes house the lives of the people who live in them. Increasingly, it is known that poor air quality, including allergens, can pose potential health risks if not detected and addressed. If someone in your home suffers from allergies, asthma, chronic sinus issues or other breathing disorders, poor air quality becomes critical to their love and enjoyment of the home.

The Pillar To Post Healthy Home Package provides:

- Dust sampling to test for allergens that may be present in the home, identified and verified through a certified third-party laboratory analysis.
- An easy-to-read report that helps you understand what was found and a recommended course of action to follow.
- The knowledge of what you need to do to protect your investment and, at the same time, make your home a healthier place for you and your family to live.

With this package Pillar To Post gives you the peace of mind that the home you will love is a home that supports the health and well-being of everyone who lives in it.
